and the ETC system will automatically deduct the toll from your account.

Increased convenience: No need to worry about having exact change or waiting for a toll booth attendant. However, ETC may not be the only option for everyone.

Some drivers prefer to pay cash or use a credit card. Cash payments are accepted at most toll booths, while credit card payments can be made at select electronic payment kiosks. There are several types of tolls on Colorado freeways, including cash tolls, ETC tolls, and express tolling. Cash tolls are the traditional type of toll, where drivers pay with exact change at a toll booth. ETC tolls, as mentioned earlier, use an electronic system to deduct the toll from the driver's account. Express tolling, on the other hand, is a dynamic pricing system that charges drivers based on real-time traffic conditions. Before driving on CO freeways, it's essential to plan and budget for tolls. Drivers can check the Colorado Department of Transportation's website for a list of toll roads, toll rates, and payment options. They can also use a toll calculator to estimate their toll costs and plan their route accordingly.

5. Frequently Asked Questions
